Reality Check

Reality shows have been all the rage the past few years. Little do we realize that each and everyday that we get up we are living in our own reality show. We may not have an audience watching our every move, the ratings for our shows aren't broadcasted, and we aren't making thousands of dollars for our time. We are just everyday people, in the only reality show-life.

The man in charge of wardrobe this year was new principal, Dr. Terry Scherer. Several changes were made to students who were dressed like our models, Lindsay Holst and Stephanie Leibold.

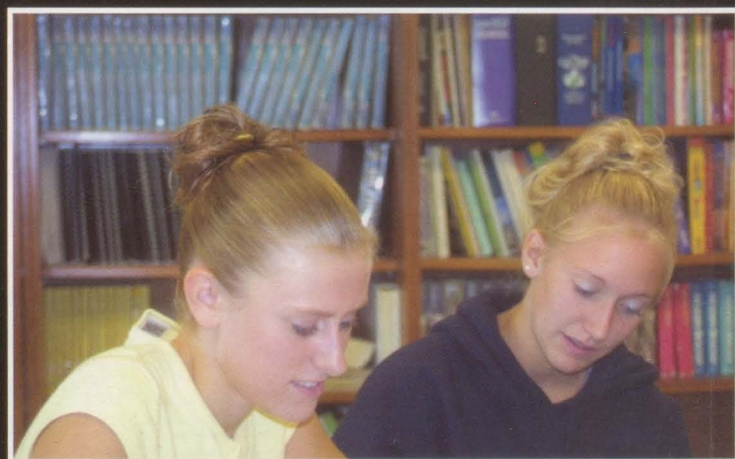

The set: an empty hallway. The actors: students arriving on August 18th. Cast and crew: teachers ready to educate. A new reality show has come out called "Reality Check; Welcome to the Real World". Some may say that this new show is a rip-off from other reality shows, but we, the producers, believe that this new show will be a big hit, especially with teenagers in high school. We tried our best to bring you the most exciting footage and we hope you enjoy what we have brought you.

Enjoy!

The Producing Staff
Kate Heyer and Dana Kirby

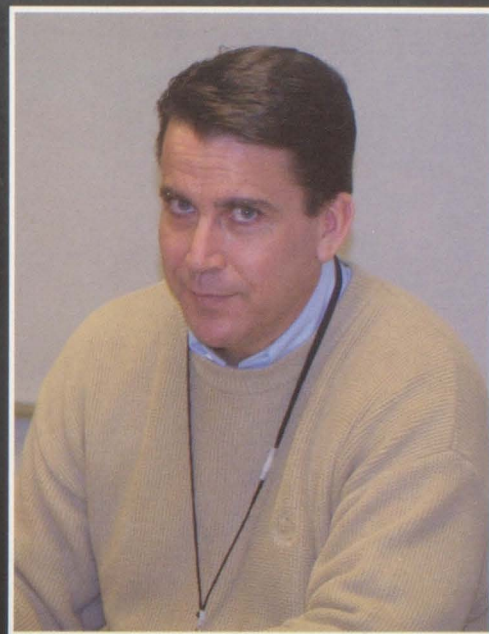

As the school year started the hallways were empty, but were soon filled with students like Heather Easley and Kara Glunz, determined to study, study, study!

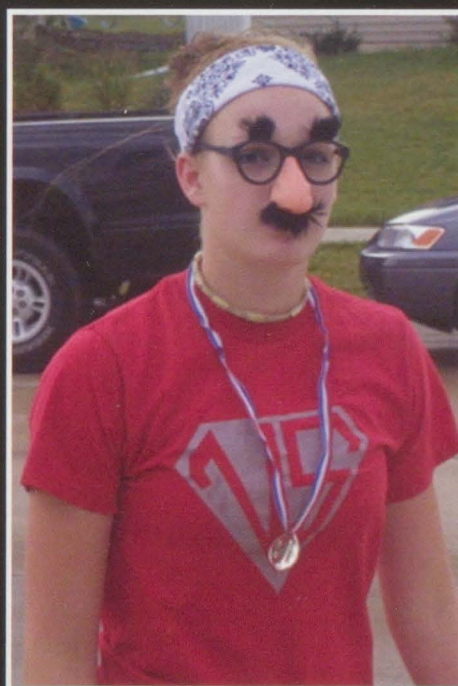

Monday morning students were greeted by faces they will see over the next nine months. Some friendly faces, such as Tina Ganzer's, secretary to the Assistant Principal. Other faces weren't as friendly, and perhaps it was faces like science teacher Mr. Aaron VanDyke. Students must have seen more smiling faces, because they came back for more thrills the first week of school. Who could pass up what would be to come- a winning football season, fun filled auds, an intense winter, and a spring that would leave students speechless.

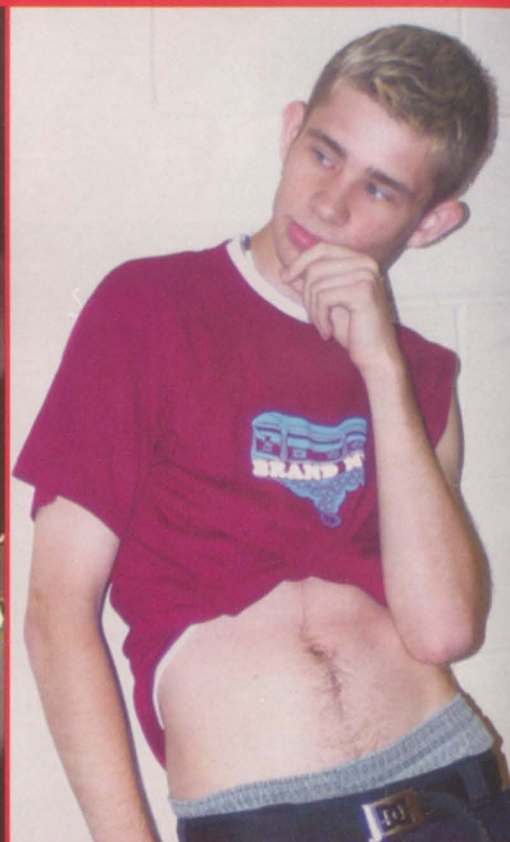

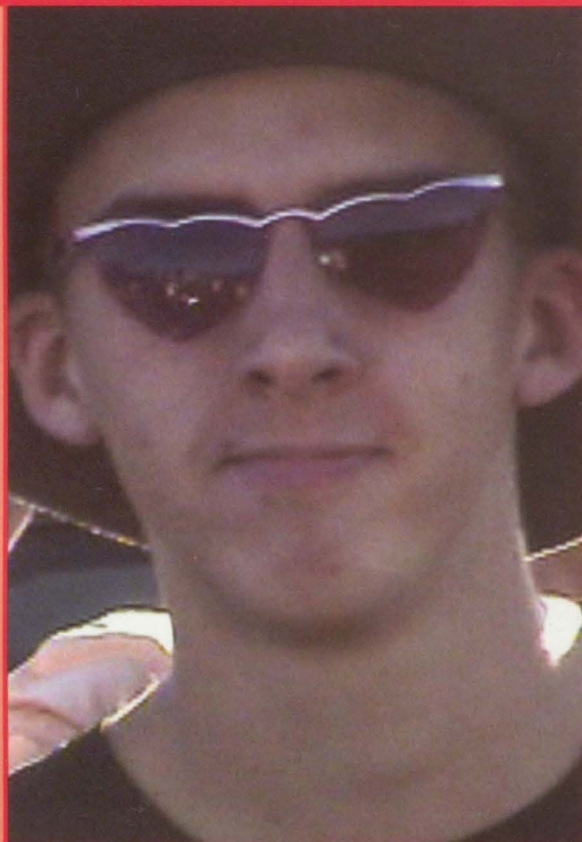

With school starting so early this year many studnets realized that summer break was over. The only up side for students was that Christmas break would seem to come early, but like every year, it wouldn't last long enough. Students got caught up in the winter blues, and some teachers, such as French teacher Mrs. Beth Pearson, started to feel the blues. Luckily students were able to relax on the few long weekends that repalced a traditional week-long spring break.

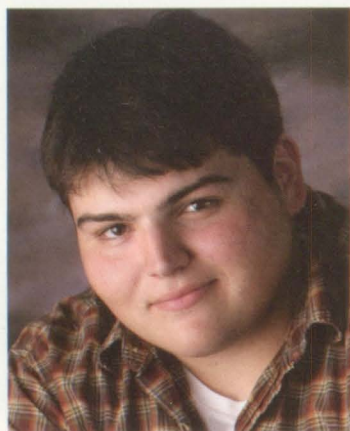

Perhaps the people to watch most this year are the seniors. Although seniors can be strange sometimes, do not be alarmed. They have only contraced a case of "senior-itis", and according to our show's doctors, it should be cured around May 22nd. Mollie Hermiston tries to hide her senior status with a new look, whereas Matt Swanson and Geoff Estes try a new wardrobe.

SENIOR YEAR '04

THE BENEFITS OF BEING A SENIOR

Many students look forward to their senior year, especially after enduring the first three years of high school. The best part of being a senior is getting out of classes early and showing up to school late, helping out at the elementary schools and being able to push back the under-

classmen in the stands at the games. However there are a few downfalls to being a senior. Having to push freshmen out of the way when they stand in the middle of the halls, as well as having to decide on a college, applying for scholarships and waiting for acceptance letters. It

seems that throughout the senior year there are a lot of "last times." Like the last homecoming and the last basketball game. Although being a senior can be overwhelming at times, the benefits of being one are definitely worth the first three years of high school.

WHAT IS YOUR BIGGEST FEAR?

With a few moments left in class, Jake Kimmel stands up and protests that there really is a Santa Clause.

To clarify a problem, Matt Plowman gets enraged and raises his finger at some students who weren't listening

Keeping an Eye On...

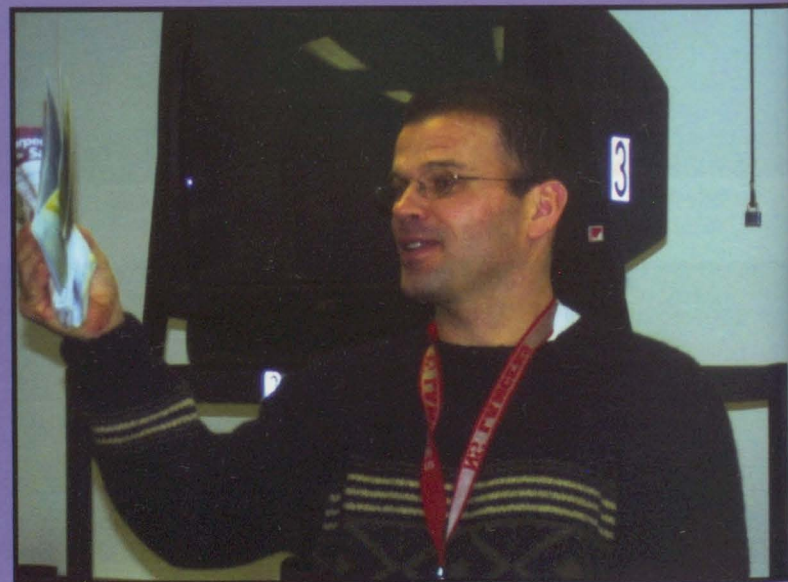

Claire Behrends is used to stopping people in the hall, not getting stopped.
Unusual surprise

Mr. Beatty and Ms. Krieter should know better than to wear their pajamas to school. Shame on them.

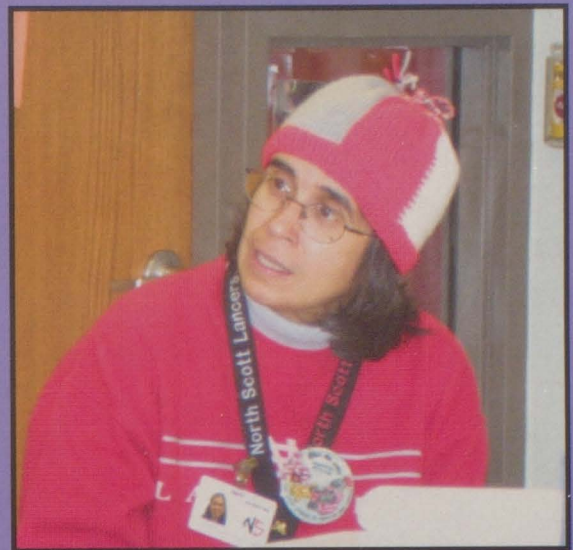

Forgetting that she teaches at North Scott, Ms. Erno is caught supporting the Michigan Wolverines.

Mr. Satterly is on a roll, rambling on, and on, and on, and on, and on... about what?

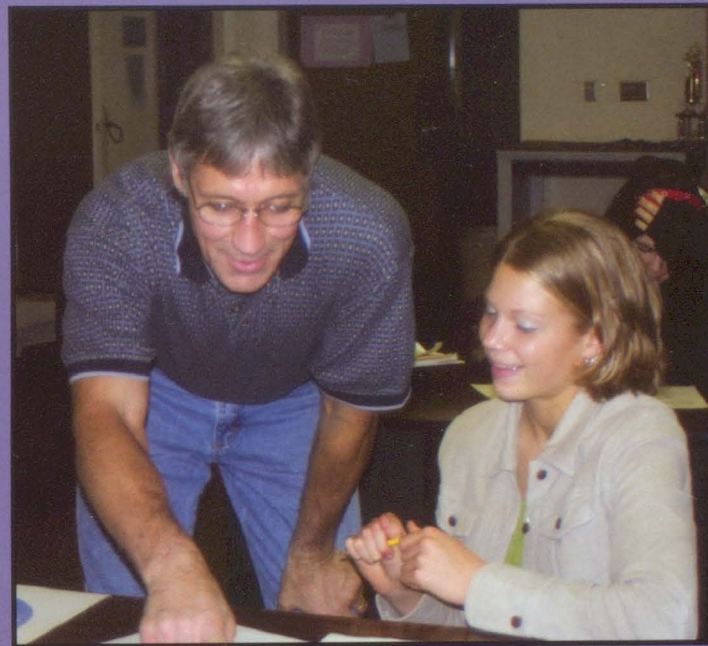

Asking for all the things on her list, Mrs. Roeder has a little chat with the head honcho, Santa.

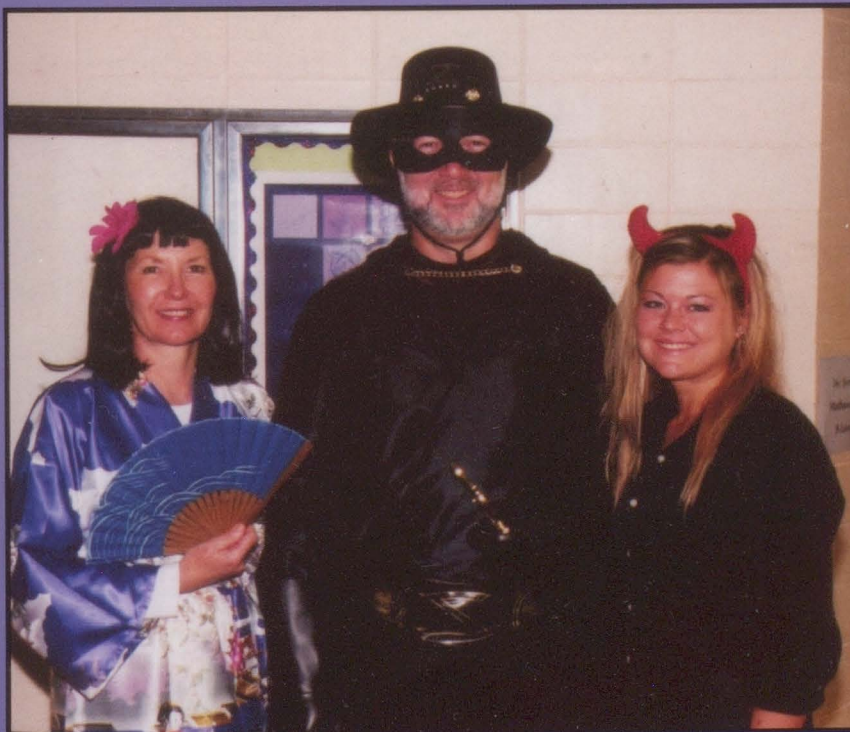

Ms. Odar has a lot of holiday and school spirit- but that hat? Fashion police are on the way.

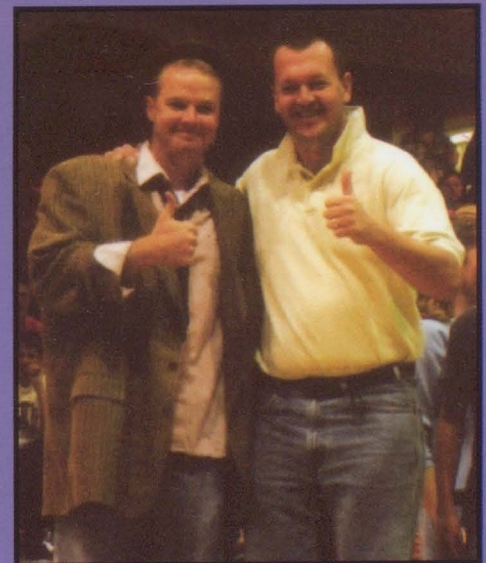

Big Brother

Laura Kilen knows that Mr. Peeters knows a lot, and he is always more than willing to share what he knows, all you have to do is ask.

Appreciating Japanese Fashion, Ms. Kube teamed up with Zorro (Mr. Brown) and the Devil (Ms. McFate) for some Halloween fun.

Pulling off the eighties styles are Mr. Schroeder and Mr. Riessen. **Shield 73**

Being Big Brother Has Its Rewards

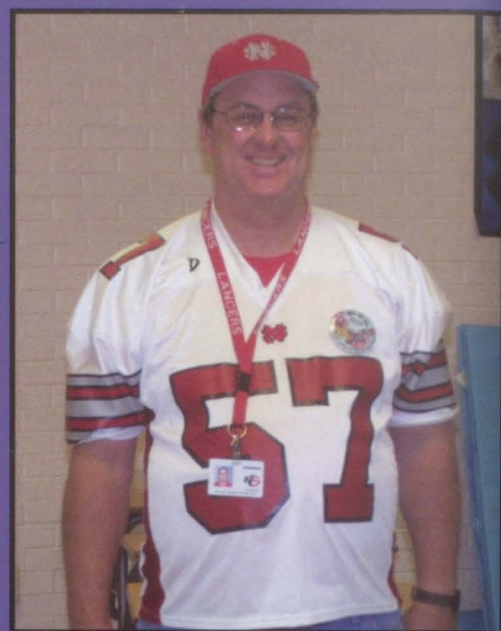

Having the varsity boy's golf team win a Mississippi Athletic Conference Championship over Bettendorf on their home course in 1991. We made a little history that day because no varsity boys team had won a team title in any sport for the Lancers in the MAC up to that time. This was the first in 14 years of competition in this tough league.

-Mr. Denner

Chairing the attendance committee, writing the FINE (First in Nation in Education) Application, and receiving the high school's only FINE award from Governor Branstad. (I was the program facilitator)

Also being the recipient of Scott County Golden Apple Award.

-Ms. Kube

My most memorable moment happened in 1999 when a former student, Dan Davis, nominated me for the Excellence In Teaching award at the Milwaukee School of Engineering. All of the graduates nominated teachers from their past who had made a difference in the lives of the graduates. As the award winner, I was asked to go to the graduation ceremony and give a speech to all the graduates and their families. There is no greater honor than to be recognized by a student as having made an impact on his life.

-Mr. Hawley

Having a former student as the author of School House Rock, Live! and current students performing at the International Thespian Conference in 1997. Having Camelot twice at a twenty year anniversary and Godspell twice with the 2003 version for the State Thespian Festival. I've been very blessed during my years here with wonderful students and honors for them and myself.

-Mrs. Jacobs

When I had a student who barely passed chemistry, they went to college and received a B in college chemistry. They came back and told me this and made me proud.

-Mr. Merrick

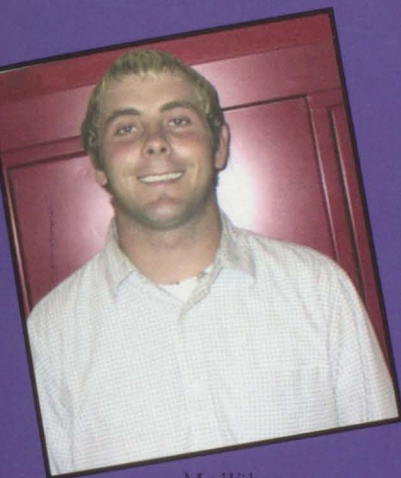

The big turkey himself handed out candy and served lunch to his students in Thanksgiving spirit. Thanks Dr. Scherer!

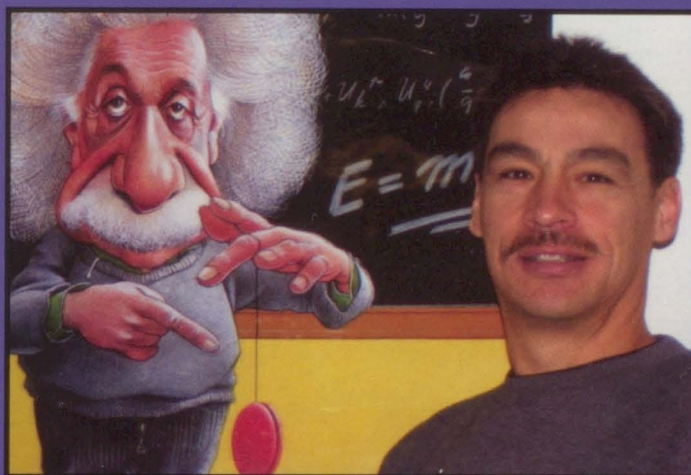

Mr. Guge is a little stuck in the eighties- but the mullet look works for him- You GoGuge!

Teacher Identity Crisis

Mr. Wikan~
He doesn't look like a rat,
but the Cat in the Hat

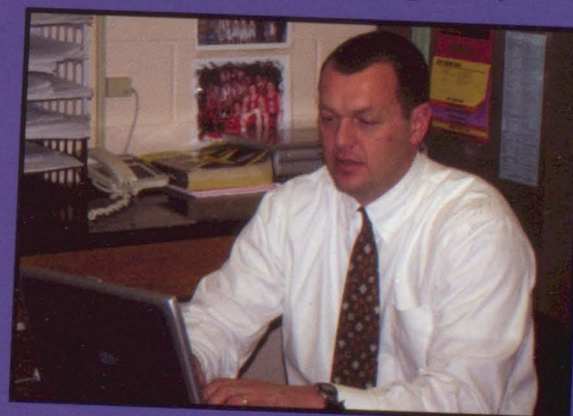

Mr. Merrick isn't quite as smart as Albert Einstein, but he does
have some crazy hair.

Just like his idol Shrek, Mr. Goodwin
may seem big and tough, but is truly
like a giant teddy bear.

Where can you find Officer Doty on a Friday night? Singing down
with his band- Alvin and the Chipmunks- don't worry, "Alvin"
your secret is safe with us.

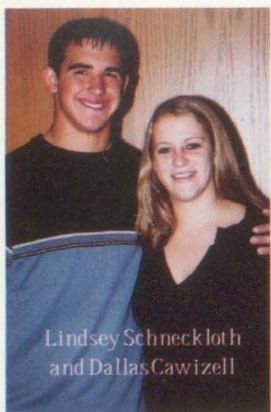

Mr. Riessen, secret head CEO of the Riessen candies, works
during the school day to make his company the success that
it is.

Homecoming Court 2003

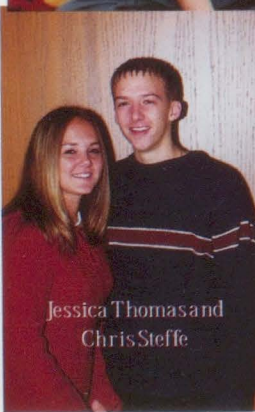

Court Members enjoy a busy week of Homecoming activities

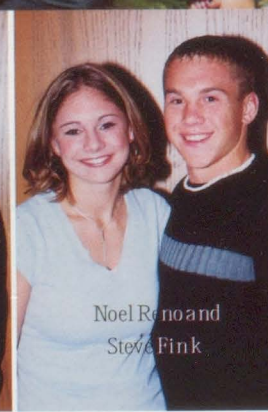

One thing that was unique about this year's homecoming court was that there were twelve couples instead of ten. Throughout the week, the court members had to be at certain places at specific times. One of the funniest parts of being on court is going out and TPing each other. "I remember when the guys tried to steal our supplies when we met at Dana's, and then they soaked us with water guns when we got back from TPing," says Eden Olsen. On Thursday the couples met at the high school where they rode through the parade on cars, and afterwards Kendra Suiter and Shaun Logan were announced Queen and King at the track.

"Skin the Cats" Parade

The varsity football squad saw the crowd from atop a double-decker bus.

Stephanie Forbes, Bridget Van Den Berghe, and Rachel Drummond throw on some lei's and grab a seat on the senior float.

Prize Nagle and Jamie Plossel whip candy at all their friends on the Senior Volleyball float.

This year's golf team got creative by putting marshmallows at the crowd.

The North Scott marching band kept up the Lancers tradition and lead this year's Homecoming parade through the streets of Eldridge. Those holding the banner are Kane Pierce and Stephanie Hoover.

Above: Senior Todd Johnson tries to spot someone in the crowd, throw his candy, all the while blocking the sun out of his eyes. Talk about a multi-talented kind of guy.

Left: Lance, aka. Dan Coffman, actually went as far as to riding on a horse throughout the whole parade. The only trouble he had was when he almost fell getting off the horse!

Dr. Bose and the other administrators decided to go clown for the parade and clown around a little bit.

The day of the parade was supposed to be one of the coldest days this fall, but it turned out to be much warmer than expected, causing this year's parade to be one of the longest ever in North Scott History. All the floats had not even started the route when the Band returned to the high school. The theme of "Skin the Cats" brought in many creative parade entries to support the Lancers and defeat North.

The DL on Homecoming

Homecoming is the week that most students look forward to in the beginning of the year. There are so many ways to become involved, getting excited throughout the week is inevitable. The days of the week were voted on by the student body and this year's choices brought in some pretty interesting outfits. Hundreds of fans showed up at the football game on Friday night to scream and shout their support for the Lancers. The Homecoming theme song was "Somebody like you" by Keith Urban. The dance was held in the pit, starting at seven o'clock. Students were able to get down and dirty until the dance came to an end later on that night.

From September 29 through November 6th there were many different activities going on in the community because of the Student Hunger Drive. North Scott students were able to raise 42,261 pounds of food this year, resulting in a 17% increase over last year. The total value of food brought in was worth \$84,522. This means that every student brought in an average of 36 pounds for the Hunger Drive. There were many chances for involvement during this year's Hunger Drive. Major fundraisers included: Powder Puff, Comedy Sports, talent show, elementary can contest, pancake breakfast, cow patty bingo, and raffle prizes. North Scott Student Government members also went to Park View, Donahue, Long Grove and Eldridge to collect cans from the community.

At left: Kyle Rehn and Todd Johnson take on the task of putting cans in boxes. It's a hard job, but someone's gotta do it.

While waiting for Allemen HS to finish unloading, North Scott students passed the time by playing an intense game of "Big Booty Big Booty." Even the exchange student, Nicolas, joined in.

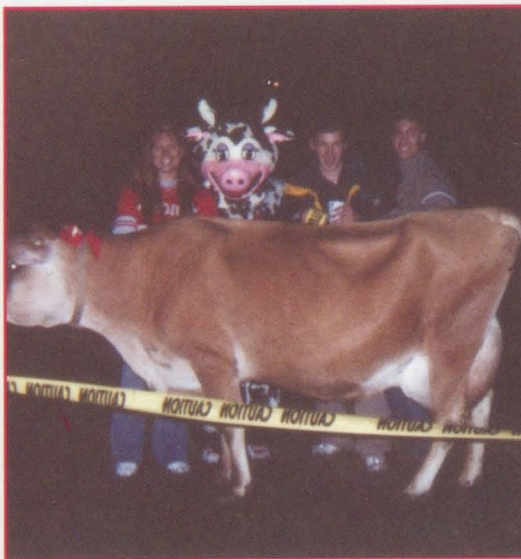

Erin Bobst does double-duty as she carries boxes and opens the doors for others, all the while getting a full body workout.

At Right: The lucky students who were able to watch Chickadee the cow do her business were Brittany Suiter, Courtney Pennel, Alex Cahill and Nick Dose. The cow did her business in square J-19, winning Todd Johnson \$50.

"It is awesome how our community comes together to support this profound cause. When we ask people for donations or food and and said it was for the Hunger Drive they always seem eager to help us out. The amount of food brought in each year continues to amaze me and I hope it continues for years to come. The Hunger Drive has created many great memories for me that I will never forget."

Multiple Occupations, better known as Multi Occ., is a program available to seniors who wish to gain work experience for the real world. Students have a class in the morning, during which they learn work skill, participate in a Jr. Achievement program, and learn skill needed in the work force. After class students are released to work during the school day, accumulating a total of 15 hours per week per semester. Ms. Kietzman considers this a wonderful opportunity for the students involved.

A Special Class

There are six special students in room D-5 that few people know about. 3 girls and 3 boys come to this room all day every day to learn some things about life, getting a job, and living alone. These students need to learn things in a different way than others but they still work on reading. They learn to read a job application and menu's from all types of places.

They learn math by working on measuring for recipes, counting money and telling time to be self-sufficient at the store, the bank, or at a job.

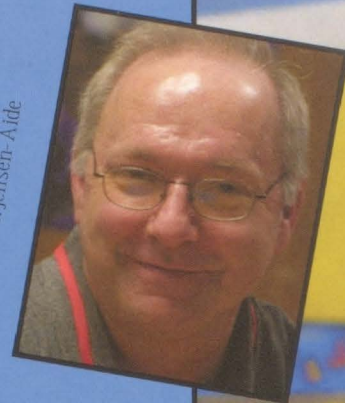

These six students learn about life after high school as they all go to work and learn job related skills. These students are preparing to have their own apartments, jobs, and relationships, just like other students at North Scott High School.

Maybe you have smelled something good cooking but did not know where the scent came from. Well, probably it came from us! We have a kitchen near our room that we spend a lot of time in. We learn how to make and serve foods that we can do when we are in our own places.

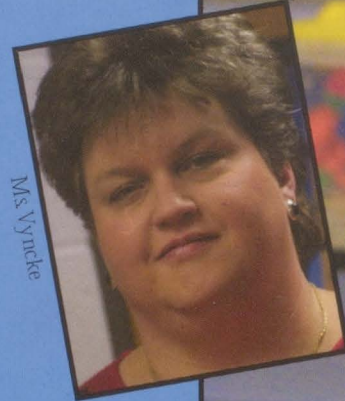

We are special because we learn in a different way but we are not much different than the other students of the school. We are fun, friendly, and we accept everyone for who they are. The six students in D-5 extend an open invitation to come and meet us. Get to know us and you too will see we are special but not so different.

FFA

FFA is an organization designed for students interested in agriculture and the environment. To be in FFA it is required that students take at least one semester of agriculture. Agriculture classes include Agriculture Science 1, Agriculture Science 2, Farm Business Management, Introduction to Horticulture, Advanced Horticulture, Aquaculture, and Natural Resources.

The North Scott FFA was founded in 1958. This year there are around 110 paid members. The chapter holds meetings every third Thursday of the month being led by President Paul Keppy, or Vice President Heidi Hoffman.

Throughout the year the FFA does different projects including a yard clean up in the

Fall along with a fruit sale, which is the biggest fund raiser. This year the FFA sold almost \$25,000.00. FFA students also travel to the Junior High in January to educate the eighth graders about what agriculture classes they can take and what FFA is and can offer. Students also travel in the spring to different elementary schools to teach younger students where their food comes from in a program called Food For America. At the same time the students teach a Farm Safety course to the younger students.

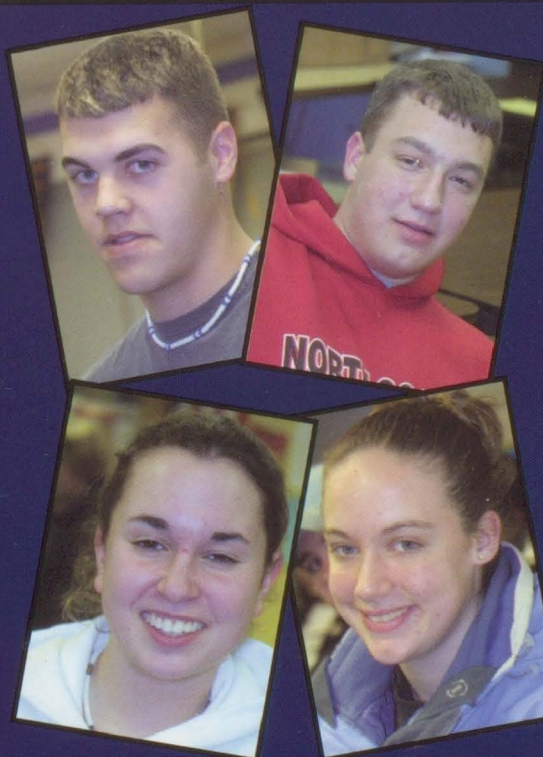

Some FFA students participate in competitions. The first step with the competitions is sub-districts, then districts, then regionals, then state and national.

FCA is involved with many activities throughout the school year. This year the meetings were held on Monday nights at 7:00 p.m., where students met in the commons and joined together in fellowship. A typical FCA meeting consisted of a few worship songs and some sort of skit or group discussion and then after closing in prayer everyone is invited to stay for pizza, pop and cookies. FCA also sponsors the Fifth Quarter, a place for students to go after football games and hang out. There was also an FCA mini-retreat where many students came to the Pit and participated in athletic events such as knockout, volleyball, frisbee golf, and football basketball. Mr. Hawley was this years speaker and talked to North Scott students about his life and his decisions on becoming a christian. Some other fun events hosted by FCA this year was the white elephant gift exchange and the lock in. This year many students went to Breakaway in Des Moines, where many student athletes come from all around Iowa to participate in many activities.

A Dedicated Organization

by President Niki Story

SADD is an organization dedicated to addressing the issues of underage drinking, impaired driving, drug use and other destructive decisions. SADD believes that teenagers can have fun, enjoy life and have positive relationships without the distraction of drugs and alcohol. We seek to provide fun alternatives to alcohol and other drug-related activities. Anyone can join SADD and it is a great way to make lifelong friends, knowing that these friends won't try to pressure you.

SADD had a great year! We started off first semester with a membership drive, and it resulted in the largest group that SADD had seen in five years. SADD met every first and third Wednesday in Mr. Denner's room at 7:30 to discuss upcoming activities. Among

these activities were: reading the red Ribbon Book to the elementary kids and Rock 'N Prevention, which was a program to teach elementary students how to avoid drugs and alcohol. We also visited the junior high on their Good Life Day, along with our SADD Fun Night!

National Honor Society

National Honor Society is a national organization honoring the top 1% of high school students based on four criteria: Scholarship, Service, Leadership, and Character. Almost every school has a chapter of their own, with ours being called the Phyllis Hueler?? Chapter. Our mission is to provide the school and community with service by helping others.

Some activities we do are: helping with the food pantry, help with the fall blood drive, helping with Hungar Drive, adopting a family at Christmas, planning to work with the Make a Wish Foundation and this year we started a Senior of Distinction Award. To be qualified for the Senior Distinction Award seniors are judged in four areas: academic, vocational services, community service, and performing arts.

Stud. Gov. News.

For the first time ever, North Scott Student Government is included in the school's curriculum as a credit course. Members met every day for 45 minutes as part of a skinny period for the first semester. However, second semester members went back to meeting before school at 7:30 on Tuesday mornings. Student Government became involved in some new fundraisers and events this year including Relay for Life. Relay for Life is a fundraiser for cancer patients where people met at the Bettendorf track field and stayed up all night, doing laps on the track to raise money. The Student Government was able to raise a large amount of money by participating in a car

wash early in the summer. Every year NSSG participates in the Student Hunger Drive, which helps feed thousands of people in need. To raise money for the Bowalthon for Cystic Fibrosis, members collected money donations and went bowling at Leisure Lanes to help patients with Cystic Fibrosis.

Godspell

Director's Note- By Judith Jacobs

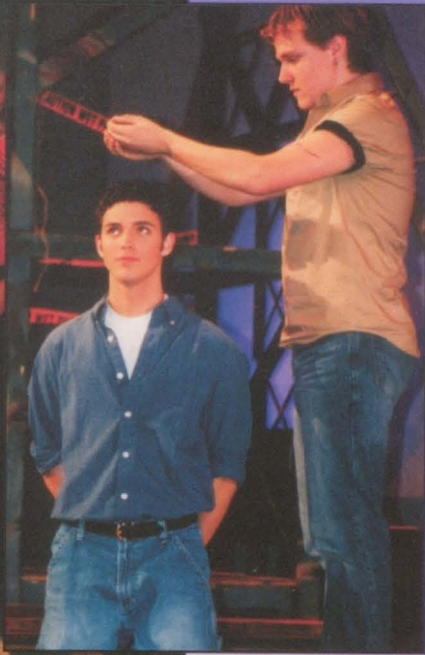

Godspell is one of those special shows that permanently touches all those who are involved in its production. An ensemble cast, each member is allowed to shine with his or her own moments. The playfulness of improvisational rehearsals allows for individual freedom of expression for the actors, musicians, choreographer and director. No production of Godspell is the same. But these are only surface reasons that Godspell affects so many.

Godspell is about building of a community, separate individuals join together to form a common bond. On one level it mirrors the Christian Gospel according to St. Matthew. On a deeper level, it teaches about humanity and the meaning of the famous phrase, "The whole

is greater than the sum of its parts." In today's world where so many diverse issues and belief systems are vying for acceptance, Godspell stresses that commitment, unity, and the simple power of acceptance of one another, gives the greatest power.

The climax of the show is when Jesus dies on the cross.

Leading the Field

FOOTBALL

The North Scott football team had high expectations for this year's season. The Davenport Central Blue Devils opened up the season for the North Scott Lancers. The mighty Lancers were successful in running the ball, led by juniors Ryan Gerardy and Jeff Curran. The next big test for the Lancers was the Bettendorf Bulldogs. In this wet and rainy game huge plays by Shaun Logan and Dallas Cawiezell propelled the Lancers into an exciting victory. The victory was short lived as the Lancers had to gear up for a tough match against the Pleasant Valley Spartans. Both offense and defense struggled, unable to hold off the Spartans the Lancers were defeated thirty-eight to zero. Putting the loss to Pleasant Valley behind them they shut out former North Scott coach Randy Schrader's Davenport West squad. The Lancers luck didn't stop there, as they faced a Davenport North team for the Homecoming game. The offense and defense shined, giving the Lancers another win which set up a playoff atmosphere with Assumption. The Lancer defense played well, but the offense struggled to move the chains and they lost a close fourteen to zero game. Burlington was next and the Greyhounds put up a fight but the Lancers held them off for yet another win. A trip down to Muscatine, was halted when both starting quarterbacks came out with season ending injuries, but Dallas Cawiezell shined as the replacement. The offensive fire power was the difference in this game as Muscatine won it twenty-seven to seven win. They finished their season with a thrilling victory over Clinton.

Season Recap

This year's varsity volleyball squad displayed players with a great amount of talent. The Lancers kicked off their MAC season with one of the highlights of the year, when they beat the North Wildcats for the first time in almost twenty years. Head coach Dawn Rheingans returned for her third year at North Scott along with assistant coach Lea Reins for her second year with the volleyball squad. The team finished their season placing ??? in the MAC and several players received spots on the All Conference teams.

Season Overview

This year was an experience for both teams. They got better as the season went on.

Both teams learned a lot about teamwork and the game of volleyball that will hopefully carry over into future years. The time spent has helped push them to be their best and to work hard at practices. They learned that hard work at practice pays off.

Wrestling

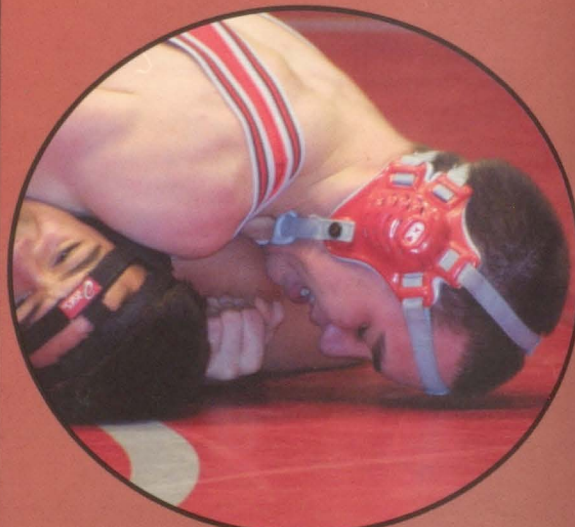

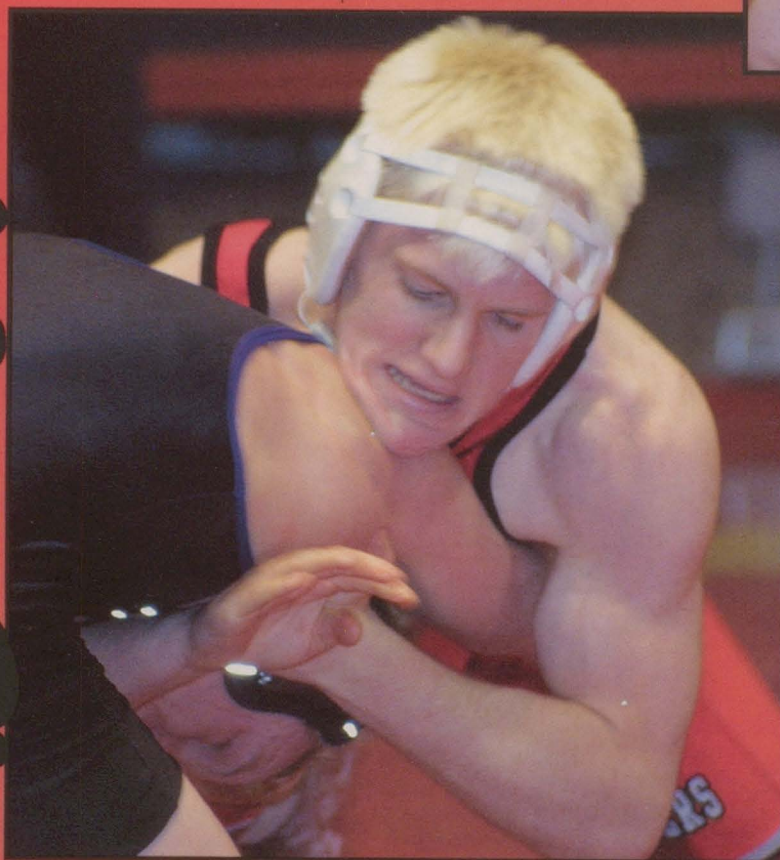

North Scott

With his eyes glued to the mat, J.J. Suiter holds his position for the end of the period.

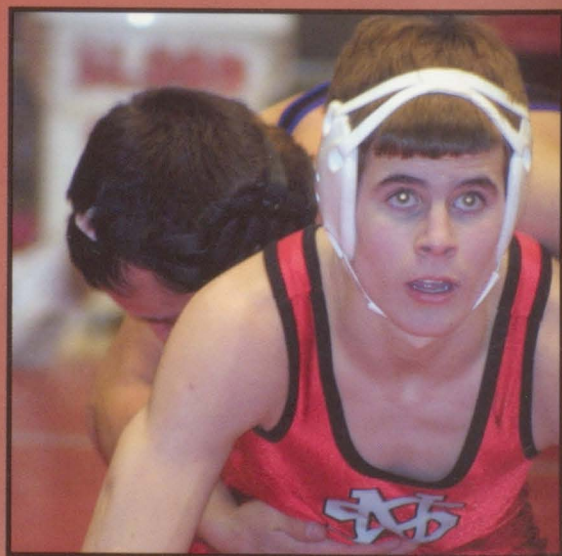

In an effort to hold his man down, Brodie Ambrose succeeds and keeps the position for the rest of the period.

As the crowd cheers on, Andrew Meyer keeps his opponent down and under control.

Trying to escape his opponents grasp, Rryan Claussen still wins his match.

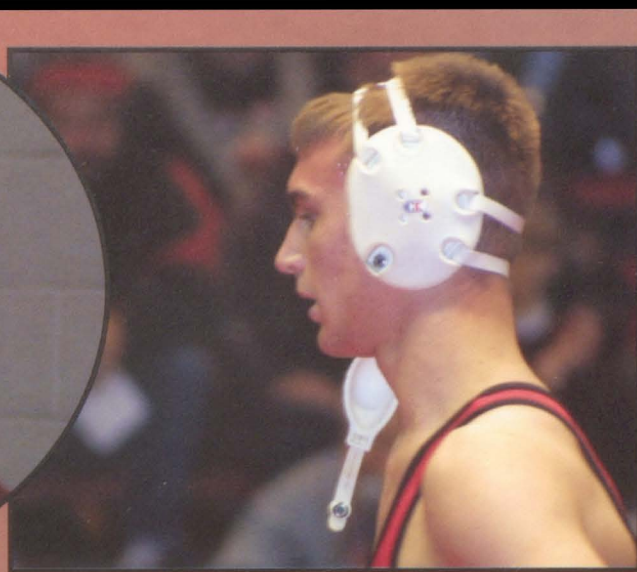

Ready to go Stewart Gillmor awaits for his opponent to actually start.

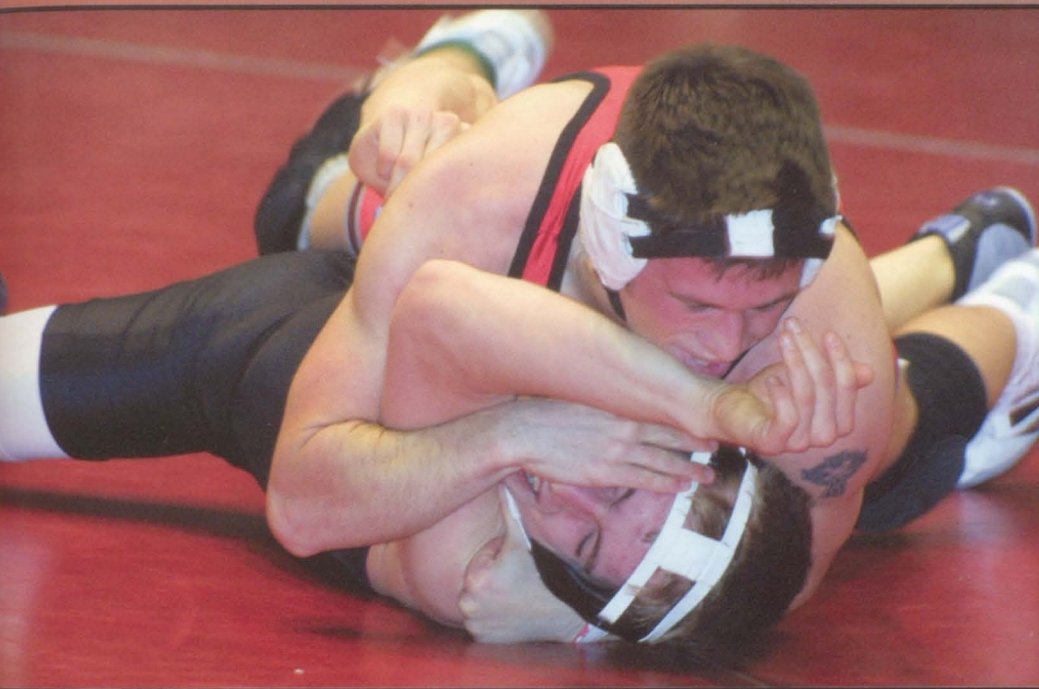

Frustrated with himself Randy Clays wonders why he still hasn't pinned his guy.

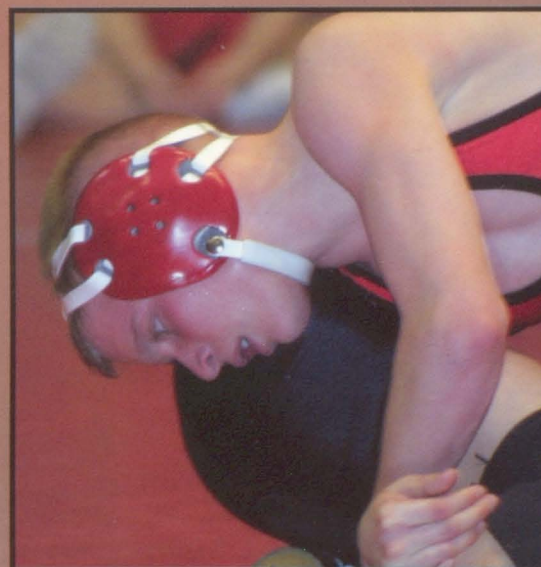

To impress the ladies, Chad Christoff takes his time putting his shirt back on, after winning his match due to a forfeit.

In need of a rest, Nick Billups catches his breath after pinning his opponent in less than a minute.

Determined to get the pin Alex Kane forcefully pulls the un-lucky wrestler into a position no one could get out of.

While waiting for the third round to end, Joey Suiter keeps his guy in a lock to finish off the night.

What do you wear underneath your singlet for a match?

In order to finish his match, Shane Carter must keep his man down until the period ends.

Silver Shakers

This years Silver Shaker team had a very successful and exciting season. During football season they performed routines including "It's Raining Men" and "Thriller," but their success didn't end there. At the state competition in December they received a third place award for their pom routine, "Simply Irresistible." A fifth place was awarded for their jazz number, "Bye, Bye Blackbird," and because of their high overall GPA they also received the Distinguished Academic Award. To wrap up the season they entertained the basketball fans in "The Pit" with their numbers "Ivixs Melody" and "Toxic."

2004 Valedictorians

"Success is the result of determination, perseverance, passion, and ambition. Have faith, be confident, keep pushing yourself even when it seems impossible, and don't forget to have fun! Success is worthless if you're forgotten to laugh and enjoy life along the way."

-Adrienne Hoffman

"I can do all things through Christ who strengthens me." Phillipians 4:13
-Lindsey Creedon

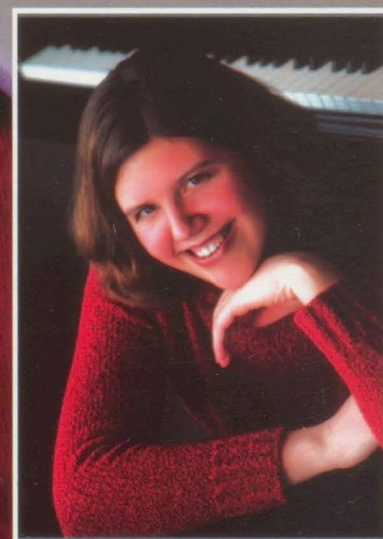

"Being a valedictorian means that I have finally accomplished one of my biggest goals through hard work, determination, and support from my wonderful mom."
-Meaghan Leggins

"One quote I try to live by is: When you are given lined paper, write sideways. I am not sure who said it, but I like how it encourages me to be unique."
-Joyce Ferry

"Success means much more than simply attaining a long list of achievements. Successful people are those who value not just great accomplishments, but treasure all the lessons they learn and people they love along the way."

-Lindsey Armbruster

"Don't trap yourself in your present state of mind, or hide behind what is safe and known. Instead, open your eyes to all that is around you and realize that the treasures you seek are only hidden if you refuse to seek them."

-Sara Boeding
